**CAMPUS-WIDE SIMULTANEOUS
EVACUATION DRILL**

Checklist of Actions to take when Earthquake strikes

(Follow steps ① to ④ below)

- ① Pay attention to the emergency earthquake warning relayed through the speakers.
- ② Take personal protective action for two minutes to reduce chance of injury (see the figures below).
- ③ Evacuate from the building to a nearby outdoor safety space using the designated evacuation route.
- ④ Notify the University of your safety via the Nagoya University Survivor Confirmation System(starting at 12:00).

If you are inside a building, move no more than a few step, then **Drop, Cover, and Hold** :

- 1 DROP to the ground (before the earthquake drops you!).
- 2 Take COVER by getting under a sturdy desk or table.
- 3 HOLD ON to it until the shaking stops.
